

5 tips on how to find accommodation as a new student!

1. Apply for accommodation with the Student housing companies

Linköping: Studentbostäder, <https://www.studentbostader.se/en>

Always apply for 5 corridor rooms, they are reserved for the newly admitted students until the end of October. Don't just look at the queue points since they can be misleading, a student that is offered a corridor room will be removed from the other queues for other accommodation.

Older students can still apply for corridor rooms but will not be offered them, so if the queue points are really high it might be an older student that forgot that corridor rooms are reserved.

Norrköping: StudentBo, <http://www.hyresbostader.se/artikel/international-students>

Accommodation is reserved for new students until September 1. Read more on their website.

2. Share a larger apartment or rent a room

The LiU noticeboard: <https://www.student.liu.se/studenttjanster/anslagstavlan?!=sv>

Blocket: <http://www.blocket.se/bostad/uthyres/ostergotland>

Botillsammans (means "live together" in Swedish): <https://botillsammans.nu/>

KOMBO (only allows newly admitted students): bostad.karservice.se/

3. Look outside of Linköping and Norrköping

Cities which are easy to commute from to Linköping: Linghem, Vikingstad, Ljungsbro, Mantorp, Mjölby, Boxholm, Åvidaberg, Borensberg

Cities which are easy to commute from to Norrköping: Haga, Kimstad, Söderköping, Skärblacka, Hageby

There is a free campusbus for students that goes between Norrköping and Linköping.

4. Emergency accommodation and other students

KOMBO arranges an emergency accommodation with air mattresses in an apartment that you share with other students. You have to buy a ticket at the KOMBO office in Kårallen at weekdays between 10-17 (closed for lunch 13-14). There are also friendly students that might have a sofa to offer as a temporary place to sleep so don't be afraid to talk to people! Perhaps they know someone who have something more permanent to offer.

5. You will find accommodation,

however you have to be active and continue to search! In Linköping and Norrköping it is difficult to find accommodation during the fall semester so be open to commuting or renting a room with a family. It is still possible to take part in the student life of Linköping University!
